

## Frequently Asked Questions

*Image shown above is conceptual only. Final engineering of brick-engraved pathways may differ.*

### 1. How many characters and lines will fit on a brick?

The number of characters depends on the size of the brick. A character means any letter, number, space or punctuation mark.

4 x 8      Up to 14 characters per line, up to 3 lines of text

8 x 8      Up to 14 characters per line, up to 6 lines of text

8 x 8 with artwork      Up to 14 characters per line, up to 6 lines of text

### 2. Is there a minimum number of engraved bricks that must be ordered?

No. You may purchase as many, or as few, bricks as you like, but keep in mind that space for engraved bricks within the memorial park's hardscape and landscape plan is limited, so please consider placing your order immediately to become a part of this ground-breaking opportunity.

### 3. How should we send in our engraved brick orders?

You can send them by e-mail, mail, or simply input your order directly into our secure, online donations and purchasing system. - The secure, online system we have developed will allow you to input your bricks and complete your order within minutes.

### 4. Can you help us by providing some additional how-to-get started information?

Yes. We have an information package that will provide you with additional information on Freedom Memorial Park, opportunities for donation and the commemorative brick donation program. Email us at [Info@FreedomMemorialPark.net](mailto:Info@FreedomMemorialPark.net) and we will send you the information that you request.

### 5. Do we have to sign a contract in order to participate in the commemorative brick program?

No. Since we know that you will be happy with the engraved brick product and the service, we do not feel that there is a need to "lock" you into a contract, however, we would certainly be happy to prepare a contract for you should you so desire and request one.
